# OUR CROSS CURRICULAR VISION FOR SPORTS AND PHYSICAL ACTIVITY IN OUR SCHOOL

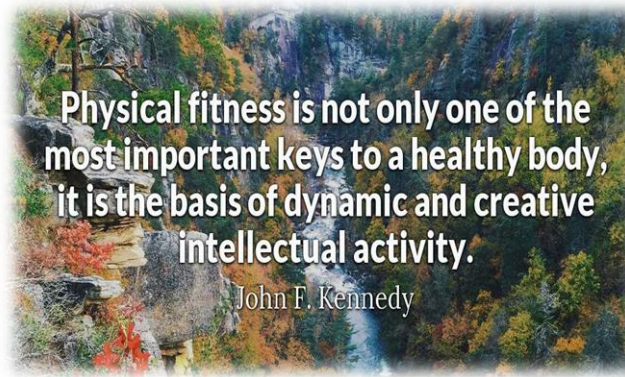

## The Context

Out contextual data indicates that, by the time they reach secondary school, many of our disadvantaged pupils are over a year and a half behind their peers. As a results, there is a long standing prevalence for pupils, who endure challenging circumstances, to under achieve across our family of schools. Placing Sports and Physical Activity at the centre of our vision for outdoor learning, it our aim to create cross curricular opportunities to improve provision for all pupils but particularly the most vulnerable within our community. In doing so, this will address key improvement priorities across our all of our primary and secondary schools.

To integrate the development of physical competencies across the wider curriculum in order to address school improvement priorities including...

- A. To increase the physical activity of our pupils to **promote their physical and mental wellness** so that children are better able to learn within P.E. and across other aspect of the curriculum.
- B. To **enhance staff motivation and their relationship with physical activities** so that they can increase the amount of physical activity that they afford learners across the curriculum in order to make a positive contribution to pupils' physical, cognitive and social and emotional learning.
- C. Use physical activity as a platform for social interaction so that learners develop the **language and social and emotional competencies** to accelerate their progress within P.E. and across the wider curriculum.
- D. Raise pupils' **self- esteem and engagement** through positive interaction with learning and with others so that high level of attendance are secured across our schools.
- E. Improve the **engagement of all** through outdoor activity so that their concentration, memory retention and motivation makes a positive contribution to their learning.

## Swimming Data

### Schools to complete by July 2024

<p>Meeting national curriculum requirements for swimming and water safety.</p> <p>N.B. Complete this section to your best ability. For example you might have practised safe self-rescue techniques on dry land which you can then transfer to the pool when school swimming restarts.</p> <p><b>Due to exceptional circumstances priority should be given to ensuring that pupils can perform safe self rescue even if they do not fully meet the first two requirements of the NC programme of study</b></p>	
<p>What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?</p> <p><i>N.B. Even though your pupils may swim in another year please report on their attainment on leaving primary school at the end of the summer term 2022.</i></p>	68%
<p>What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]?</p>	64%
<p><b>What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?</b></p>	59%

Schools can choose to use the Primary PE and sport premium to provide additional provision for swimming but this must be for activity **over and above** the national curriculum requirements. Have you used it in this way?
